

Bird and Breakfast

Is that a dirty sock hanging in that tree?
No, it's a bushtit nest! And that tiny cup
the size of a quarter, built with lichen
and spider webs? A hummingbird nest!

Explore the miracles of spring in the beautiful oak woodland and meadows of the **Effie Yeaw Nature Area**, in small groups guided by Audubon experts. Return to a delicious breakfast prepared by your hosts, **the American River Natural History Association**. A silent auction will also be held. This event is a fund-raiser for educational programs on the American River Parkway.
