Saturdays – 10:30am

March 2—Critters of the American River: Discover American River life at the Nature Center! Visitors compare and contrast mammals, birds and reptiles, examine structure and function of skulls and fur, and meet live animals.

**This program will be a presentation.*

March 9—Wild About Cats: Come hear a naturalist talk about our native wild cats. Learn all about Bobcats, Mountain Lions and the animals they love to hunt.

**This program will be a presentation.*

March 16—Special Event: Bird & Breakfast—Starts at 8am

See below for details!

March 23—Raptors of the River: Invite your friends to become raptor experts on local birds of prey. Visitors will examine unique adaptations, discuss environmental roles and find out how to protect these winged hunters.

**This program will be a presentation.*

March 30—River Walk: Celebrate the beauty of nature with a guided walk through the Nature Preserve and down to the American River. You may want to bring your binoculars or borrow a pair from us!

**This program will be a hike.*

Sundays – 1:30pm

March 3—Creature Feature: Amphibians: Meet two amphibian animal residents at the Nature Center up close. Learn about each of their unique journeys and how they became an educational ambassador for the Nature Center.

**This program will be a presentation.*

March 10—Flower Power! Take a flower hike with a naturalist through the preserve. Meet and learn about a few of the colorful flowers that call the American River Parkway their home.

**This program will be a hike.*

March 17—Flutter by Butterfly: Explore the lifecycle of the butterfly and discover their world as we hike through the preserve. Keep your eye out for one of our common butterflies, the beautiful Pipevine Swallowtail.

**This program will be a presentation & a hike.*

March 24—Special Event: Bird & Breakfast—Starts at 8am

See below for details!

March 31—Animal Tracks & Signs: There are many animal-made signs in the woods that reveal who has been using the trail before you. Become a nature detective and search for some animal tracks, scat and signs in the Nature Preserve.

**This program will be a hike.*
